1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

Identification of the substance               Product Name: UltraLube – LMX® "Red" Grease
Part Numbers: 10320

Use of the Substance                        Shortened Product name: UL Grease LMX Red

CAS No.                                      Mixture

Supplier                                    Plews Edelmann
                                            1550 Franklin Grove Rd. Dixon, IL 61021

Manufacturer                                Environmental Lubricants Manufacturing, Inc.
                                            311 B Ave -Grundy Center, IA 50638

SDS Questions:                              (800) 323-6294

Emergency telephone: CHEMTREC: (800) 824-9300

2. HAZARDS IDENTIFICATION

This preparation is not classified as dangerous according to Directive 1999/45/EC and its amendments.

Physical hazards                            Not classified as a physical hazard.

Health hazards                              Not classified as a health hazard.

Environmental hazards                       Not classified as an environmental hazard.

Specific hazards                            May form vapors or oil mists during mechanical action or at elevated temperatures which may be irritating to the respiratory tract. Excessive inhalation of oil mist may affect respiratory system. Dermatitis after prolonged exposure. Prolonged or repeated contact with skin may cause redness, itching, irritation, eczema/chapping and oil acne.

Main symptoms                               Irritant effects. Irritation of eyes and mucous membranes.

Label Elements                               Label in accordance with (EC) no. 1272/2008 No pictogram required

Other Hazards                                Not classified as PBT/vPvB by current EU criteria

3. COMPOSITION/INFORMATION ON INGREDIENTS

Composition comments The full text for all R-phrases is displayed in Section 16. All concentrations are in percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.
4. FIRST-AID MEASURES

**Inhalation**
Move to fresh air. Call a physician if symptoms develop or persist.

**Skin contact**
Remove contaminated clothes and rinse skin thoroughly with water for at least 15 minutes. In case of rashes, wounds or other skin disorders: Seek medical attention and bring along these instructions.

**Eye contact**
Immediately flush eyes with plenty of water for at least 15 minutes. Remove any contact lenses and open eyes wide apart. Get medical attention if irritation develops or persists.

**Ingestion**
Drink 1 or 2 glasses of water. Get medical attention if any discomfort continues.

**Most important symptoms and Effects**
Symptoms include itching, burning, redness, and tearing of eyes.

**General advice**
Get medical attention if any discomfort develops.

**Notes to physician**
Treat symptomatically.

---

5. FIRE-FIGHTING MEASURES

**Suitable extinguishing media**
Dry chemical, foam, carbon dioxide.

**Extinguishing media which must not be used for safety reasons**
Do not use water jet as an extinguisher, as this will spread the fire.

**Unusual fire & explosion Hazards**
None known

**Specific hazards**
Thermal decomposition may produce smoke, oxides of carbon and lower molecular weight organic compounds whose composition have not been characterized.

**Special protective equipment for fire-fighters**
Self-contained breathing apparatus and full protective clothing must be worn in case of fire. Selection of respiratory protection for firefighting: follow the general fire precautions indicated in the workplace.

**Fire fighting equipment/instructions**
Move containers from fire area if you can do it without risk. Use water spray to cool unopened containers. Cool containers with flooding quantities of water until well after fire is out.

---

6. ACCIDENTAL RELEASE MEASURES

**Personal precautions**
When working with heated grease, mechanical ventilation may be required. Remove sources of ignition. Avoid contact with skin and eyes. For personal protection, see Section 8. In case of spills, beware of slippery floors and surfaces.

**Environmental precautions**
Do not allow to enter drains, sewers or watercourses. Collect and dispose of spillage as indicated in Section 13. Contact local authorities in case of spillage to drain/aquatic environment.

**Methods for cleaning up**
Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible.

Small Spills: Absorb spillage with oil-absorbing material.
Large Spills: Absorb spilled substance with sand or earth.

7. HANDLING AND STORAGE

Handling
Handle and open container with care. Wear appropriate personal protective equipment. Avoid prolonged and repeated contact with grease, particularly used grease. Always remove grease with soap and water or skin cleaning agent, never use organic solvents. Use work methods which minimize production of vapors and mists. Observe good industrial hygiene practices.

Storage
Keep away from heat, sparks and open flame. Store in a cool and well-ventilated place. Store away from incompatible materials.

8. EXPOSURE CONTROLS/PERSOAL PROTECTION

Occupational exposure limits
No exposure limits noted for ingredient(s).

Exposure controls
Provide adequate ventilation. When working with heated oil, mechanical ventilation may be required. Provide access to washing facilities including soap, skin cleanser and fatty cream.

Respiratory protection
In case of inadequate ventilation or risk of inhalation of dust, use suitable respiratory equipment with particle filter (type P2). Seek advice from local supervisor.

Hand protection
Wear protective gloves. Nitrile gloves are recommended. Suitable gloves can be recommended by the glove supplier.

Eye protection
If risk of splashing, wear safety goggles or face shield.

Skin and body protection
Wear suitable protective clothing. Frequent change of gloves is advisable.

General
Use personal protective equipment as required. Personal protective equipment should be chosen according to the CEN standards and in discussion with the supplier of the personal protective equipment.

Environmental exposure controls
Contain spills and prevent releases and observe national regulations on emissions.

Hygiene measures
Handle in accordance with good industrial hygiene and safety practices. Wash hands after handling. Launder contaminated clothing before reuse.

10. STABILITY AND REACTIVITY

**Stability**
Stable at normal conditions.

**Conditions to avoid**
High temperatures, Exposure to light, Contact with incompatible materials.

**Materials to avoid**
Strong oxidizing agents.

**Hazardous decomposition Products**
At thermal decomposition temperatures, carbon monoxide and carbon dioxide. Nitrogen oxides.

**Hazardous polymerization**
Hazardous polymerization does not occur.

11. TOXICOLOGICAL INFORMATION

**Acute toxicity**
May form vapors or oil mists during mechanical action or at elevated temperatures which may be irritating to the respiratory tract. Excessive inhalation of oil mist may affect respiratory system. Causes skin and eye irritation. Swallowing may cause gastrointestinal irritation.

**Routes of exposure**
Eye contact. Inhalation. Skin contact.

**Chronic toxicity**
Degreasing. Prolonged or frequent contact may cause redness, itching and eczema/chaps.
1. SENSITIZATION
The product contains a small amount of sensitizing substance which may provoke an allergic reaction among sensitive individuals.

2. CARCINOGENICITY
No carcinogenicity data available for this product.

3. MUTAGENICITY
No test data available for the product.

4. REPRODUCTIVE TOXICITY
No test data available for the product.

5. EPIDEMIOLOGY
No epidemiological data is available for this product.

6. LOCAL EFFECTS
Irritating to eyes and skin. May cause redness and pain.

12. ECOLOGICAL INFORMATION

Ecotoxicity
Biobased greases are generally non-hazardous to the environment.

Mobility
The product is immiscible with water and will spread on the water surface.

Persistence and degradability
No data available.

Bioaccumulation
No data available.

Aquatic toxicity
No data available for this product.

13. DISPOSAL CONSIDERATIONS

Disposal instructions
Dispose in accordance with all applicable regulations.

Waste from residues / unused Products
Dispose of in accordance with local regulations.

EU wastecodes
20 01 26*

14. TRANSPORT INFORMATION

ADR
Not regulated as dangerous goods.

IATA
Not regulated as dangerous goods.

IMDG
Not regulated as dangerous goods.

15. REGULATORY INFORMATION

Other regulations
This Safety Data Sheet complies with the requirements of Regulation (EC) No 1907/2006 as amended.

16. OTHER INFORMATION

Wording of the R-phrases in sections 2 and 3
R65 Harmful: may cause lung damage if swallowed.
